Decathlon is making hockey accessible to the many. We are providing you with our most complete offer yet. Complimenting our Kipsta range we have Adidas and Grays to ensure you have everything you need to enjoy the game.

forgetting all our products have a two year guarantee so you have confidence in your choice.

Decathlon Hockey kit allows you to play at an affordable price. We know that it can cost up to £100 just to get the basics. For less than £50 you can get the same quality, or better, in Decathlon.

Over the last two years these products have been developed by hockey players, for hockey players. We have tested them extensively, not just in the laboratory but on the field of play too. Our sticks have featured in senior internationals and the highest domestic leagues.

We are not just here for kit, we want to help you grow your local community & thrive together.

The more serious players are often looking at £90 to £130 for a pair of shoes, and £200-£400 for a stick. Kipsta delivers the same quality but at £49.99 for shoes and £109.99 for a stick. Not

We have put our passion into developing this range & want you to enjoy the game we love.

FH500 Stick: As you progress your game the composition of your stick will change. The more carbon there is, the more rigid the stick is. This aids power transference, but means you need to have a higher skill level to control the ball. The FH500 is 50% carbon, 5% aramite and 45% fibreglass, meaning you have a great compromise. Available in: 36.5" & 37.5"

£64⁹⁹

FH510 Stick: The same composition as the FH500 but now in a low bow, making 3D skills easier. Available in: 36.5" & 37.5"

£24⁹⁹

FH100 Shoe: The thick sole of the shoe raises you off the turf & protects your feet. The grip gives you good basic control on the pitch.

EXPERIENCED

£109⁹⁹

FH900 Stick: For those who want to bring more power and flair into their game the FH900 is incredible value. It is ideal for those who want to drag flick, whip out 3D skills and throw the ball long distances. When designing this stick we prioritised touch and control. Despite the soft feel as you receive and move the ball it has 95% carbon composition giving you huge power. Available in: 36.5" and 37.5"

£49⁹⁹

FH500 Shoe: Incredibly light weight with grip perfect for both sand dressed and water based pitches this is a brilliant shoe. The in built sock feature gives you better transference of energy & a more accurate feel of the pitch. With the inbuilt sock it is worth going up a size to allow for this. The shoe utilises the K-Ring technology of popular running brand Kalenji so is suitable for neutral, pronators and supernators. Available in: EU36-46, UK 3.5-11

FH100 Hockey Gloves: The problem most people have with gloves is not being able to feel the stick. We solved the problem! This glove has an exposed palm without compromising protection. Winner!
Available in 2XS-L

MG100: While rugby and boxing mouth guards aren't quite right the MG100 is designed to protect you from the impact a ball can have and is hockey specific.
Kids: £2.79, Adults £2.99

FH500 Socks: As the winter closes in we all need to find ways to brighten the training sessions up. Here is the answer! Our range of socks covers more serious single colours and designs that allow you to express yourself. Perfect for the dark winter nights, and for summer tour.
Available in UK Childrens Size 12 up to adults size 11

Training Accessories

Rubber Pitch Markers: We all know hockey is a sport of agility so if you're looking to have a dynamic session and reduce the risk of injury this pack of ten will be essential.

40 Cones: When you're running a coaching session you need to have clear colours to define zones & changes in action. These sturdy cones will stand up to the challenge & are easy to carry.

3.2m Agility Ladder: An agility ladder will help your players develop footwork while saving you time laying out cones so you can focus on actual coaching!

Water Bottle Carrier: Makes carrying 6 bottles simple. The easy fold away mechanism means you can de-clutter the dug out once players are grabbing the bottles.

A bit about us

By hockey lovers, for hockey lovers

When we decided to take hockey seriously we ensured our management team understood the game. This meant only recruiting passionate hockey players and covering the game from absolute beginner to current senior international.

Our motivation is to make hockey accessible to the many. Everyone involved has coached at grass roots level and helped thousands of others enjoy the game.

We know the game has been exclusive & expensive for a long time. Today we change that.

Touch, Control, Protection

Our three priorities mean you can enjoy the brotherhood, the family, of hockey. This is a game that allows you to express yourself & we ensure you do it safely. Our shoes & sticks are made in the best factory in the world & designed by some of the brightest talents in hockey.

Our UK Hockey Leader

Simon Webb, with nearly 25 years hockey experience, leads Decathlon UK on this journey. His passion started in Ely, then when he left University & joined Cambridge City he stepped up his coaching, management & umpiring experience. He has now coached or managed from grass roots level up to EuroHockey level & umpired at regional premier league.

"Decathlon has the power to change hockey, we can remove barriers to the game & change it for the better. Our goal is to make sure everyone in the UK who wants to enjoy hockey can enjoy hockey."
